

**QMS Foray Chermside Hills, Bridgeman Downs**

27° 22' 21.63" S

152° 59' 55.20 E

Northeast side, not previously visited

Agarics Boletes Polypores/Brackets 1,1,

Jelly Fungi Puffballs Stinkhorns

**Leader: John Wrench**

Elevation: 42m (141ft)

**18 May 2013**

**Vegetation Type: Open Sclerophyll Woodland**

Recorder: James Hansen

Names (initials): JH, LB, DH, SW, JW, AH

Leathers / Crusts

Corals

Discs (Asco)

Clubs (Asco)

Field No.	Spotted	Name	Field ID by	Fungus ID	Substrate	Associated organisms e.g. Eucalyptus or Callitris	Notes
1	SW	Puff ball (false truffle)	SW, JW	DH collected	soil	under bark litter at base of Eucalyptus racemosa	N-E side of Scribbly gum
2	DH	Polypore	DH, JH	nc	wood	dead wood 30mm diam.	
3	DH	Crusts - spread to become bracket fungi	DH, JH, JW	nc	wood	dead wood 30mm diam.	
4	JH	Pycnoporus coccineus	JH, DH	nc	wood	dead wood 30mm diam.	
5	DH	Agaric or gilled bolete	DH	DH, LB, AH	soil	N-E side of Eucalyptus microporus (Tallowood)	
6	SW	Yellow bolete with half-eaten brown cap	JW, JH	DH	soil		orange stipe, cap 30mm diam.
7	LB	Phlebopus marginatus	DH, JW	LB / DH	soil	2m West of Eucalyptus racemosa	2nd specimen 2.5m East cap 23mm diam., creamy white under Bolete in soil, small additional ones, bruising
8	SW	2 Boletes	SW, DH	DH, LB, AH		Yellows cream cap, 40mm diam.; changes to orange when leaf litter removed	orange stain; underneath stained blue
9		Microporus xanthopus	DH, JH	DH	wood	short stalk, one long - on dead wood Eucalyptus racemosa (about 100m South of previous and 3m vertically lower	Better specimens 2m North
10	LB	Marasmius sp.		DH, LB, AH			
11	SW	Agaric ?		nc	on dead, thin (4mm) twig/bark		old specimen
12	AH	Laccaria sp. ?		DH	soil		Red cap, 8mm diam. pinky-white stem, 20mm high; pink gills
13	JW, SW	Cortinarius sp. ?	JW	DH	soil		Brown spores, brown cap darker in centre Yellow stipe, gills yellow, yellow massive mycelium
14	SW	Bolete (pored)	SW	DH	soil		
15	AH	Yellow slime mould		DH	bark		similar to # 8
16	JH	Russula sp. 18 Wallumi)	JH, DH, JW	DH			100mm diam. Pink cap, white gills  white stipe, 35mm diam.; 70mm high
