I wish to apply to become a member of the Queensland Mycological Society Inc (QMS) and by signing this form acknowledge that I have read and understood the objectives of the Society, as stated below....

- To provide a forum and a network for amateur and professional mycologists to share their common interest in macro fungi;
- To stimulate and support the study and research of Queensland macro fungi through the collection, storage, analysis and dissemination of information about fungi through workshops and fungal forays;
- To promote, at Local, State and Commonwealth levels, the identification of Queensland's macro fungal biodiversity through documentation and publication of its macro fungi;
- To promote an understanding and appreciation of the role macro fungal biodiversity plays in the health of the Queensland ecosystem; and
- To promote the conservation of indigenous macro fungi and their relevant ecosystems.

I also hereby acknowledge that I have been informed, as required by the Associations Incorporation Act of 1981, that the Society has Public Liability Insurance, and that it is currently \$20, 000,000.
