CHAIRPERSON: Wayne Boatwright

ATTENDANCE: As per attendance book

APOLOGIES: As per attendance book

Wayne welcomed all present:-

ANNOUNCEMENTS:

1. Sign on sheet available for the October 29th Workshop on Collecting and Describing Fungi to be held at Maleny.
2. David Holdom has chemicals and glass slides, coverslips and lens tissue for sale.

PRESENTATIONS

Due to unforeseen circumstances the guest speaker was unable to attend.

1. Susan Nelles spoke on the Qld Naturalists Club Survey of "Arrona" Mt. Mort held on July 1-4, 2016.
45 specimens of fungi were found including *Chlorophyllum*, *Discinella*, *Cortinarius*, *Laccaria*, *Lycoperdon*, *Panus fasciatus*, *Phellinus*, *Pleurotus* and resupinate species.

Wayne thanked Susan for her presentation.

2. Wayne had photos and specimens recently collected in Buderim Forest Park.
3. Megan showed the map of collections in Qld. Not a lot of collections west of the Great Divide and Megan asked that if anyone is visiting the area to keep a look out for fungi.
4. David Holdom had a photograph of a purple resupinate fungus on a log.
5. Wayne gave a presentation on "The ones that got away", i.e., those fungi that were photographed but not collected on the residential foray.

The meeting closed at 8.20 for supper.
