SPEAKERS

Megan Prance Mentoring for mycological methodology and community engagement: the Brisbane fungi project

Wayne Boatwright QMS Field hazards and risk management

The slides are on the website under Members' Resources, Past Meetings, Presentations.

Dr Sandra Tuszynska presented a proposal for collaboration between Woodfordia Inc. and QMS on various myco-projects through education, forays, workshops and presentations, as well as myco-restoration and myco-technology projects. Woodfordia having a strong community presence presents a great opportunity for engagement of the community in citizen mycology.

The meeting closed at 8.40 for supper.

Next Meeting: 11th July 2017
